Hi All,

Attached is a write of the CEQA activities we anticipate an necessary for the Area 40 redevelopment/remediation. As you can see depending on any changes in land use based on soil gas levels we can either do EIR/EIS Addendum, or a Supplemental EIR/EIS. Please review and we can discuss in the near future.

Hi John,

Im following up on our conversation from Thursday. Aerojet and USEPA are asking for this documentation to assist in procuring resources and feedback on level of effort. Please advise.
